DETAILED ACTION

Drawings

1. The drawings were received on 19 September 2005.
2. New corrected drawings in compliance with 37 CFR 1.121(d) is required in this application because each figure is heavily shaded and is hard to distinguish the reference numbers and details of the invention. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
